

Climate Change Connections: Youth Video Challenge

Student Project Sheet

Theme: **Imagine a Future Climate Friendly Manitoba**

Your Mission:

Whether you choose to work solo or collaborate with a team, create an original video that highlights the issue of climate change. We encourage a diverse range of submissions and perspectives on this vital topic. Now is your opportunity to express your creativity, craft an impactful video, and make a genuine difference. Your voice matters! Help shape the future!

Consider the Following:

- **Move Beyond the Facts:** While presenting information is essential, don't just relay the statistics; make it personal, tell a story. Why is this issue significant to you?
- **Personal Perspective:** In what ways has climate change affected your life?
- **Inspirational Message:** Inspire Manitobans to rethink and take action in innovative ways.
- **Vision for the Future:** Imagine a climate-conscious Manitoba, encompassing your lifestyle, work, food choices, clothing, and eco-friendly practices.

Your Challenge:

Create a 1-3 minute video that brings this future to life.

Steps to Success:

1. Select Your Focus
2. Master Your Material
3. Craft a Compelling Story
4. Reflect Critically on Key Takeaways for Your Audience.
5. Consider what you want your audience to remember and how you want them to feel.
6. Record and Edit, Share and Submit

Success Checklist:

- Original work
- Vision is creative, and tells a story
- Reflects an original point of view
- Accurate information
- Strong audio & visuals
- Good teamwork
